

## Bulletin on Copyright Transfer

October 1, 2009

In order to meet the growing demand for electronic access to the mathematical literature, the Mathematical Society of Japan has been posting the *Journal of the Mathematical Society of Japan* at Journal@rchive [http://www.journalarchive.jst.go.jp/english/jnltop\\_en.php?cdjournal=jmath1948](http://www.journalarchive.jst.go.jp/english/jnltop_en.php?cdjournal=jmath1948) and Project Euclid <http://projecteuclid.org/jmsj> since October 2006. In accordance with this policy, announced in October 2005 at [http://wwwsoc.nii.ac.jp/msj6/shuppan/bull\\_crtr2005-en.pdf](http://wwwsoc.nii.ac.jp/msj6/shuppan/bull_crtr2005-en.pdf), the Society has been asking authors of articles published in the Journal to transfer their copyright.

However, as of October 2009, we have not received any response from the authors of the nine articles listed below. It is very much in the interests of the mathematical community that the electronic Journal contains all papers published. For this reason we have decided to place the following nine JMSJ articles on the web. Authors who wish to withhold permission for electronic publication are kindly requested to send a message by e-mail to
