(Draft)

Title of Research Paper:

Author:

Mathematical Society of Japan (“Society”) and the above named author (“Author”) agree that, in having the above research paper (“Paper”) published in the Journal of Mathematical Society of Japan (“Journal”), the copyright in the Paper, including but not limited to, the rights under Articles 27 and 28 of the Copyright Law of Japan, shall be assigned by Author to Society under the terms and conditions set forth below.

Terms and Conditions Agreed:

1. Society shall publish the Paper in the Journal. In publishing the Paper, Society may alter the Paper if it considers appropriate in order to unify the format of Journal. Author shall be given an opportunity of making author’s corrections; provided that Author shall complete and return to Society the corrections by due date. He (or she) shall avoid making a significant change in the wording. If Author fails to return the proof by the due date set by Society, it shall be considered that there is no author’s correction. Society may make further corrections on the proof of Author if it considers necessary. In any of the above cases, Author shall not exercise the moral right against Society.
2. Author represents and warrants that the Paper is an Author’s original paper; that neither it nor its alteration or translation in a different language has been published or is scheduled to be published in the future. Author agrees that Society shall have the right to publish the Paper in any language and by any publication media, including but not limited to, electronic media and printed materials.

3. Author shall be allowed to keep the Paper, after it has been published, in the preprint server and/or in the Author's own website in its published form ("Published Paper") for research, education and other academic purposes; provided that Author shall expressly indicate that it was already published in the Journal; provided further that Author shall not be allowed to make any modification or alteration to the Published Paper except for a correction of typo.
4. Upon request of Author, Society may grant to him (or her) limited right, without charge, to publish the Published Paper or its revision for the purpose of publishing Author's complete works and other publications of academic value. In exercising such right, Author shall satisfy all the procedural requirements of the editorial board of Society and expressly indicate in such publication that it is published pursuant to the approval of Society.
5. Upon request of a third party in connection with an intended publication of academic value, Society may approve of a reproduction of the Published Paper. Other matters pertaining to Author's copyright in the Paper shall be governed by the Universal Copyright Convention as revised at Paris and Copyright Law of Japan.
6. Any dispute which may arise in connection with the assignment hereunder of the copyright in the Paper shall be subject to the exclusive jurisdiction of the Tokyo District Court.
